EDUCATION

B.Tech - Computer Science and Engineering   New Delhi,India | 2021-2024
GURU GOBIND SINGH INDRAPRASTHA UNIVERSITY   CGPA - 8.7

Work Experience

GIRLSCRIPT SUMMER OF CODE   OPEN SOURCE CONTRIBUTOR   May 2023 - August 2023

- Contributed to diverse web development projects using React, Firebase, and Bootstrap.
- Collaborated with a cross-functional team to deliver dynamic and responsive user interfaces, showcasing proficiency in React.js.
- Built dynamic and responsive user interfaces with React.
- Demonstrated strong problem-solving skills in a fast-paced, collaborative environment, addressing challenges efficiently.

Skill

- **Programming language:** C++, JavaScript
- **Frontend technology:** HTML, CSS, JavaScript, React js, Next js, Bootstrap, Chakra UI
- **Backend technology:** Node js, Express js, Firebase
- **Database:** MongoDB, SQL, Firebase
- **CS fundamentals:** Data Structures and Algorithms, Operating Systems, Database Management Systems,Compiler Design, Object-Oriented Programming
- **Tools:** Postman, VS Code, GitHub, Canva

Projects

Traveller - web app :(link)

- Developed a Travelers Web App using React and CSS to provide an intuitive user interface for booking tour packages.
- Implemented user authentication and security measures, including private routes, using Firebase's Firestore as the backend.
- Integrated Firestore as the database for storing and retrieving user data and tour package information securely.
- Leveraged Firestore's capabilities for efficient and secure storage and retrieval of data, enhancing the overall reliability and performance of the web app.
- TECHNOLOGIES USED : **React js, css, Javascript, Firebase(for backend integration), Firestore(Database)**

ElectroMart - web app :(link)

- Architected, designed, and implemented a full-stack e-commerce app with user authentication (JWT) and Razorpay payment integration.
- Implemented JWT for robust user authentication and utilized Context API for efficient state management.
- Designed a responsive UI using Next UI and Tailwind CSS, ensuring optimal user experience across devices.
- Ensured secure user authentication practices, including password hashing and salting to protect user data.
- TECHNOLOGIES USED: **Next js, Tailwind css, MongoDB**

Coding Achievements

- 1500+ rating on **Leetcode**
- 600+ question solved on Leetcode
- 5 star in problem solving on **HackerRank**
- 300+ question solved on **GFG**
